Post-Master's Certificate, Information  
Technology

I've been working with websites since 2015, with a focus on accessibility and user experience. I also have an interest in social design.

## EXPERIENCE

### Front End Developer/Designer — Behold My Beauty

2021 | Remote

Developed and designed a responsive, e-commerce website using Shopify CMS, imported BMB products from Printful, HTML, CSS, and configured DNS settings. Collaborated with client through strategy, content creation, web, and graphic design, revision/review, and launch.

### Software Product Manager — Gamma Concept

2017- 2018 | Conakry, Guinea

Product owner of Teliya and Medicare web applications: Created a go-to-market strategy defining product's customer segments, sales channels, partnerships, cost structure, activities, and value proposition as well marketing collateral, user interfaces, user stories, and acceptance criteria. Led a team of 7 developers to create application MVP.

### Front End and UX Designer — Senior & Disability Action

2017 | Remote

Developed accessible digital content for senior citizens, people with disabilities, volunteers, and external stakeholders using WordPress CMS. Edited HTML and CSS to improve user experience.
